EMERGENCY PREPAREDNESS

<https://www.dhs.wisconsin.gov/preparedness/whatyoucando.htm>

After an emergency, you may need to survive on your own for several days. Being prepared means having your own food, water and other supplies to last for at least 72 hours. A disaster supplies kit is a collection of basic items your household may need in the event of an emergency.

Basic Disaster Supplies Kit—To assemble your kit, store items in airtight plastic bags and put your entire disaster supplies kit in one or two easy-to-carry containers such as plastic bins or a duffel bag. For a complete list download the recommended supply list at: www.ready.gov/kit A basic emergency supply kit could include the following recommended items:

Water - one gallon of water per person per day for at least three days

- Food - at least a three-day supply of non-perishable food
- Battery-powered or hand crank radio and a NOAA Weather Radio with tone alert
- Flashlight, first aid kit, extra batteries, whistle to signal for help
- Dust mask to help filter contaminated air, plastic sheeting, duct tape
- Moist towelettes, garbage bags and plastic ties for personal sanitation
- Manual can opener for food
- Local maps
- Cell phone with chargers and a backup battery

Since you do not know where you will be when an emergency occurs, prepare supplies for home, work and vehicles.

use. Bring about positive change working together to help solve the state's most pressing well-being needs ensuring that all Wisconsinites live stronger, healthier lives. Educational programs focused on parenting skills (including co-parenting), Taking Care of You, Strong Bodies, Generational Differences, Homelessness and poverty awareness, and family financial management individually or group settings and individual financial coaching.

FoodWise Program - (608.333.4803)

Healthy Choices, Healthy Lives. FoodWise employs a combination of evidence-based strategies designed to promote changes for individuals, communities, and environments to help make the healthy choice the easy choice.

We:

Empower families with limited financial resources to choose healthful diets and become more food secure by spending dollars wisely.

Expose people to new fruits and vegetables and why they are important.

Teach parents how to plan and prepare healthy meals.

Support communities in making the healthy choice, the easy choice where people live, learn, work and play.

Participants in the nutrition education program learn how to choose and fix meals and snacks that are nutritious, safe and affordable, to manage their resources to improve their food security, and to balance the food they eat with physical activity.
